SLCSE Scoop

Interested in being part of a student run newspaper? Join us on Wednesday after school in Ms. Armstrong's room (room 1036). We are looking for an editor, journalists, photographer, programmer and writers. All grades are welcome!

School Community Council

If you looking to become involved with SLCSE, consider participating in the School Community Council (SCC). SCC meets the second Thursday of every month at 5pm in the Faculty Room. Translators are available upon request.

The School Community Council (SCC) is a part of the Salt Lake City School District's system of "shared governance" between itself, parents, and school faculty. Shared governance is a participatory process by which critical site-based decisions are made.

The philosophy of the SCC is to make decisions "in the best interest of our kids".

National History Day

Last school year, four SLCSE students were able to compete in national History Day in Washington D.C. Our projects were on Gene Kranz, Werner Von Braun, and Joe Hill; three historical leaders who greatly impacted our nation and the world. This was an amazing opportunity and experience for all of us. In addition to participating in the competition, we visited several museums, the capitol, and other national landmarks.

At the history fair, we interacted with students from around the country, and being able to discuss the leaders we had spent the year researching was incredibly rewarding. In addition to learning about our own projects, we were able to discover many other historical figures by talking to other competitors. Also, two students were invited to represent Utah and meet with politicians to raise awareness for the work of the humanities. This year-long effort was well worth the hard work, and we encourage other students to get involved in the National History Day.

Mina Projansky Ono and Claire Russon, 10th grade.

SLCSE Mountain Bike Team

The SLCSE Mountain Bike team competed in its first race of the season last Saturday and did very well. The team is looking for some new recruits. Anna and Ms. Nebeker need some female bikers to keep them company! You get a cool orange SLCSE bike shirt and the team will also loan you a bike and helmet if needed. The team trains Tuesday and Thursday after school and races on Saturday.
