Principal Message

At SLCSE we celebrate our diversity and want you to know we truly value our students, parents, and community and the richness every culture has to offer. At SLCSE, we believe it is important that ALL our students feel safe, valued, and welcomed.

We invite parents to join us on the first Friday morning (@8am) of every month for coffee and doughnuts in the CASA. Meet teachers, counselors, administration and other parents after you drop your students off. Socialize, ask questions, learn more about SLCSE and get information about available resources.

We invite parents to participate in school decisions on the second Wednesday of every month at 5 pm. You can help with input and suggestions for the direction and vision of the future for your students and their education.

Above all, please know you are welcome and we want you involved in our educational community. The administration maintains an open door policy, so you are welcome to stop by anytime. Help us make SLCSE the greatest community resource center in Salt Lake!

**Coffee and Doughnuts will be March 10th, since March 3rd is a non-student day. Hope to see you there!

Intent to Reenroll

If you have not yet let us know if you are coming back to SLCSE next year, please do so as soon as possible. Registration for classes is already taking place at district schools and we need to know enrollment for next year so we can plan for and schedule our returning students. While we believe there is no better choice than SLCSE, we fully support the decisions you make for your student. SLCSE continually strives for excellence and we welcome feedback that would help us provide the best possible educational experience for students.

February 28

Parent-Teacher Conferences
4:00-7:00pm

March 2

Parent-Teacher Conferences
1:30-5:30pm

March 3

No School

Senior Spotlight

Miranda Uribe has been accepted to Oregon State in the Fall. Oregon State is an international public research university located in Corvallis, one of the safest, smartest, greenest small cities in the nation. Miranda was also awarded two academic scholarships amounting to \$60,000! Congratulations Miranda!

After School Program

There will be no after school programming on Tuesday Feb 28th and March 2nd because of Parent-Teacher conferences. The activity bus will not run on these dates, the last bus will leave at 4pm on Tuesday and 2pm on Thursday.

Voices of Diversity Community Conversation

The Associated Students of the University of Utah, **Voices of Diversity**

Invites you to a community conversation about

Double Consciousness/Critical Consciousness

March 11, 2017

5:30-8:00 p.m.

Salt Lake Center for Science Education

1400 Goodwin Ave, Salt Lake City, UT 84116

DOUBLE CONSCIOUSNESS

It is a peculiar sensation, this double-consciousness, this sense of always looking at one's self through the eyes of others. . . One ever feels his twoness,- an American, a Negro; two souls, two thoughts, two unreconciled strivings; two warring ideals in one dark body, whose dogged strength alone keeps it from being torn asunder.

W.E.B. Du Bois

CRITICAL CONSCIOUSNESS

Power Awareness

The ability to perceive social, political, and economic oppression and to take action against the oppression in society

Paulo Freire

HI-GEAR (Girl Engineering Abilities Realized Camp)

June 12-16, 2017

9:00 a.m. – 4:30 p.m. daily

Audience: Female students currently in 9th-12th grade

What is Hi-GEAR?

High School Girls' Engineering Abilities Realized

The University of Utah, College of Engineering is pleased to offer our Annual Hi – GEAR Program, a special week-long event for female high school students. Hi-GEAR will be held June 12-16, 2017 from 9:00 am until 4:30 pm each day.

Hi-GEAR is designed to expose young women to a variety of engineering and computer science careers with hands-on experiential learning and collaborative team projects. Some past activities include: building trebuchets for launching water balloons, making perfume using distillation, programming and racing robots, extracting DNA, and touring University research labs. Participants interact with Hi-GEAR mentors (female college engineering students, female faculty and staff) who guide them through this program. Participants will also have the opportunity to earn scholarships to study engineering as a college student at the University of Utah!

HS UEC (High School Entrepreneur Challenge)

The High School Utah Entrepreneur Challenge (HS UEC) is designed to encourage high school students to explore innovation and entrepreneurship and offers over \$30,000 in cash and scholarship prizes. All high school students throughout Utah who are 14-18 years old (not fully enrolled in college) are encouraged to submit a simple business plan. You can find more details at <http://lassonde.utah.edu/hsuec/>.

The deadline is approaching quickly, there is only 1 month left! All applications are due March 1, 2017 by 11:59pm.

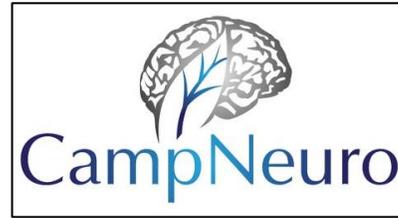

Summer Camps at the U of U

The School of Computing at the University of Utah offers summer technology outreach camps for 4th - 12th graders. These GREAT camps cover topics in programming, graphics, and robotics. You can see details about these programs

at www.cs.utah.edu/~dejohno/GREAT

Interested in Medicine?

Scholarship and standard applications have just opened up for [Camp Cardiac Salt Lake City](#) & [Camp Neuro Salt Lake City](#) 2017!

Camp Cardiac & Camp Neuro, run by medical students in over 30 cities nationwide, are 1-week summer day camps open to high school students interested in exploring careers in medicine.

Students may learn more and apply by visiting <http://www.campcardiac.org> and <http://www.campneuro.org>.

In addition, you may download PDF flyers by clicking on the following links:

Mental Health Workshops

Join us for the second of four Mental Health workshops at SLCSE on MONDAY FEBRUARY 27th, 6-7:30pm. Childcare and food will be provided. Workshops will be taught in Spanish and English.

Our second workshop will be a presentation and discussion around anxiety and depression. Some questions to ask yourself if you are wondering whether this workshop might be something you want you and your family to attend:

- Do you ever feel like you have a hard time breathing suddenly?
- Do you feel overwhelmed by tasks that have felt simple in the past?
- Do you find yourself wanting to sleep more?
- Were you once interested in many things and now find you aren't?
- How can I get help for my kids, family, or myself?

We hope to see you there!
