
NOVEMBER ISSUE 6

SLCSE

1400 W Goodwin Avenue, Salt Lake City, UT 84116

www.slcse.org T: 801 578 8226

Annual SLCSE & Spaghetti Festival

Join Us!

When: Thursday, November 9th, 5:15pm

Where: SLCSE, 1400 W Goodwin Ave

Cost: Children \$4, Adults \$6 Families of 4 or more, \$4 per person

There will be a bike auction (starting at 4:00 p.m.) prior to the dinner. Bidders must be 16 years old or younger. Bids starting at \$10.00. There will be a wonderful drama performance after the dinner. All the money raised from the spaghetti dinner will go to the 11th grade students going on the Washington DC trip in the spring. Come help support our trip.

UPCOMING EVENTS

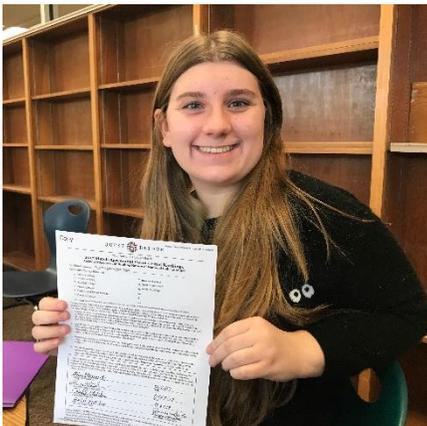

NOVEMBER 9 5PM – 8PM

Off Broadway Showcase, Spaghetti Dinner Fundraiser and Bike Sale

NOVEMBER 10

Last day to place an order for Holiday wreathes and garlands

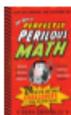

Senior Spotlight

Congratulations to Chloe Stewart who has been selected as a QuestBridge Finalist. QuestBridge connects the nation's brightest students from low income backgrounds with leading institutions of higher education. If Chloe gets matched with one of the 39 partner colleges, she will receive a full scholarship to attend. Pomona College in California is her first choice, we will keep our fingers crossed.

Sean Connolly

The author of Massively Epic Engineering Disasters visited SLCSE on Monday and shared stories and science demonstrations with 7th and 8th graders. Did you know that 2.3 million gallons of molasses flooded the streets of Boston in 1919? Sean's books are available for purchase at the King's English bookstore if you are looking for a fun holiday gift.

TITLE	PRICE WITH TAX	QUANTITY	SUBTOTAL
MASSIVELY EPIC ENGINEERING DISASTERS 	\$15.97		
THE BOOK OF WILDLY SPECTACULAR SPORTS SCIENCE 	\$15.97		
THE BOOK OF PERFECTLY PERILOUS MATH 	\$15.97		
THE BOOK OF POTENTIALLY CATASTROPHIC SCIENCE 	\$15.97

Chasing Coral

Tues, Nov 14 | 7 PM | The City Library

Directed by Jeff Orlowski
93 min | 2017 | USA | Not Rated

Presented with Open Captions.

Post-film Skype Q&A with director Jeff Orlowski.

The director of *Chasing Ice* returns, turning time-lapse cameras on coral reefs, the nursery of all ocean life.

Winner: Audience Award U.S. Documentary—2017 Sundance Film Festival

Science Movie Night is presented in partnership with Natural History Museum of Utah and The City Library.

Engineering Day at the University of Utah

Saturday, November 18, 2017

9:00 a.m. – 1:00 p.m.

Warnock Engineering Building Catmull Gallery
72 S. Central Campus Drive
Salt Lake City, UT

Engineering Day is a half-day event open to high school students, undecided majors, parents, transfer students, and anyone interested in engineering at the U. This event is FREE and is designed to introduce participants to a variety of engineering disciplines.

Participants will have the opportunity to tour our engineering facilities, find out what research is happening in the College, and attend exciting engineering presentations/demonstrations.

Participants are required to register for sessions online. Lab tour space is limited thus presentations and demonstrations will be going on concurrently.

Please Contact: Jamie Garza at jamie.garza@utah.edu with questions about the event, the registration process, or if a presentation you are interested in is full.

Due to capacity limitations: Registration for this event is open only to high school students, their parents, and prospective transfer students. *Parents are welcome to attend but do not need to register. Special parent sessions are available.*

Holiday Wreathes

Wreathes come fresh from the Pacific Northwest. The cost is \$30 for a wreath, Swag or a 10' garland. They will arrive the week after Thanksgiving. Anyone interested in buying them can do so through the front office, or from an 11th grade student who is going to DC.

All orders must be received by November 10.

Fundraiser for the 11th grade students attending the Washington DC Trip.
